WHY BY REQUEST?

In our business it is not so simple to show you what you get for your money.

Sure we can show you menus, and use a dozen words to describe each dish, but you still won't know exactly what the food looks like. We can go some way to solving this problem by spending money on high quality photographs of our fare.

When you get to the bottom line, a successful caterer is more than just tasty sandwiches or stunningly visual salmons in aspic. It's the intangibles which make the difference;

- ✓ Taking care of not just those who are paying the bill, but all of your guests.
- ✓ Using only the finest, freshest, best quality ingredients.
- ✓ Preparing food fresh the same day of service, no matter how early it means we have to start work.
- ✓ Being interested in what you the customer wants, not in what we want to sell you.
- ✓ Catering to the same high standard on the small occasions as well as the large ones.
- ✓ We don't have sandwich rounds, delicatessens, restaurants or shops, we just do Outside Catering.
- ✓ We appreciate the way we look and act not only affects our image, but also yours.
- ✓ We invest in training and equipment i.e. our main delivery vehicles are fully refrigerated to standards higher than those stipulated in the "1992 Food Act"

We could continue further but we won't, we won't sing our own praises, instead we'll leave our customers to do that for us.
